- a) after the cupboard  b) on the cupboard  
 c) behind the cupboard  d) past the cupboard.

**III. Reading comprehension**

Lions, leopards, tigers, cheetahs and jaguars are members of the 'big cat' family. The cheetah is the fastest land animal in the world. It can run at more than 100 km/h, but only in a short distance up to 500 metres. It always hunts antelopes on open ground. It has long powerful legs and a small head. It has yellow fur with black spots. The cheetah is different from other cats because it can't draw in its claws. It is in danger of extinction. Now there are only about 4000 cheetahs and most of them live in Africa. They live in national parks in South Africa and Tanzania.

It can't draw in its claws - *nie potrafi chować pazurów*  
 danger of extinction - *niebezpieczeństwo zagłady*

**18. Which animals are members of the 'big cat' family?**

- a) antelope  b) lion  c) jaguar  d) cheetah
