III. Reading comprehension

In Scotland, there is a popular legend about a monster. The monster lives in a lake called Loch Ness, near the town of Inverness. ('Loch' means 'lake' in Gaelic language.) Loch Ness is 32 km long, 5 km wide, and very, very deep. It's much deeper than the Baltic Sea.

The monster's name is Nessie. People say that she is very big, and that she has got a long neck, like a snake. But does Nessie really exist? Some people say yes, some say no.

Scientists are exploring the lake with cameras and sound equipment. Sometimes they hear something, but they do not understand the mystery of Loch Ness.

The legend of the monster is very famous, and millions of tourists from all over the world come to Loch Ness. Everybody wants to be the first person to see Nessie.
