☐ B) January

☐ C) April

☐ D) February

20. What do pupils have in pencil cases?

☐ A) pens

☐ B) printers

☐ C) rulers

☐ D) pencils

III. Reading comprehension

I'm Susan. I am seven years old. My birthday is in August. I have a big family. When I was born, my two older sisters Monica and Sarah, who are now fifteen-year-old teenagers, spent a lot of time with me. Then one year after my birth, my mum got birth to my brother, Peter. Peter is our favourite. We love playing with him.

Peter is a fan of air hockey. He can spend hours playing it. It is a game in which players try to do everything to knock a plastic disc into their opponent's goal across a specially designed table. My parents want to buy Peter this table for his next birthday. He can't stand reading or doing any sport, especially running or cycling. He only wants to play air hockey.

I am not crazy about air hockey so I never play it. When I have spare time I read, listen to music or do sport. I have a lot in common with my sisters who aren't also fans of air hockey. They love literature, music and playing volleyball. So the only place in our house for an air hockey table can be our brother's room.

21. How old is Peter?

☐ A) 15

☐ B) 7

☐ C) 8

☐ D) 6

22. When's Susan's birthday?

☐ A) in August

☐ B) in summer

☐ C) in a month after July

☐ D) during summer holidays

23. How do the girls usually spend their free time?

☐ A) reading

☐ B) listening to music

☐ C) doing sport

☐ D) playing air hockey

24. What does Peter like?

☐ A) playing air hockey

☐ B) cycling

☐ C) running

☐ D) reading

25. Which sentences are false?

☐ A) Monica and Sarah are at the same age.

☐ B) Monica, Susan and Sarah aren't fond of their brother.

☐ C) Susan has got two sisters and one brother.

☐ D) All children are at the same age.

26. Which sentences are true?

☐ A) Girls are fans of air hockey.

☐ B) Susan's brother likes air hockey.

☐ C) Susan's birthday is in summer.

☐ D) Susan's brother has an air hockey table in his room.
